

# N-POWER TEST EXAMINATION

## TIMETABLE

**2023**

The management and coordinators of N-Power has released timetable for the 2023 N-Power test exams. Candidates should ensure they download and check the timetable to enable them prepare for it.

Instructions:

1. The test is time-based and computer-based
2. You must answer 20 questions within 20 minutes
3. The assessment test comprises simple English language questions and few elementary mathematics
4. The test cannot be retaken after submission
5. You cannot skip any question
6. Every question is allotted an equal score
7. If your time elapsed after the third trial without submitting, you will be automatically disqualified from writing the test again
8. Ensure you have a strong internet enabled device such as smartphone or computer system preferably.
9. Ensure you have validated your details after which you are given a NASIMSID
10. Use the 'take test' button in your dashboard to proceed to the N-power test portal
11. Input your NASIMID ID and your password (used to log into your dashboard)
12. Once the 'start test' button is clicked your time starts to count
13. You can cancel your test at any time and start afresh but you only have 3 attempts
14. After submitting, your score will show immediately.
